

Mindfulness quote of the week:

'You have not failed unless you have stopped trying'

Hello to you all. What a wonderful week of fun we have had!

During English the children have continued reading science fiction stories and identifying the features within them.

Whilst working in maths, we have explored how to multiply 2 digit numbers using partitioning and known facts.

We also started a new history topic and explored where cotton comes from. The children loved their science lesson this week as they completed an experiment which focused on irreversible changes. This term in PE the children enjoyed some winter sunshine and developed throwing, catching and battling skills in cricket. The children also showed great enthusiasm in music when exploring music from the Caribbean! Finally, we began our new DT topic. We are very excited about designing and making our own pop-up books!

Well done to our stars of this week! These children are making great progress in maths and working super hard in English. They also make our class sparkle with their beautiful smiles!

Miss Jones and Miss Smith are delighted with you!

Spanish Revision

Online safety advice

This week for our online safety advice we would like to signpost you to the 'LEGO Online Safety Hub' It is a great resource for helping children stay safe while they play and learn online and offers simple, child-friendly online safety tips. <https://www.lego.com/en-gb/families/cyberbullying>

Have a lovely weekend together! Kind regards Miss Jones & Miss Smith
