

Junior 4 and 5 Newsletter

30.1.26

We can't believe how quickly the Spring term is flying by as we reach the end of another busy week. This week has been all about getting back into routines and working hard, and the children have risen to the challenge brilliantly. Their focus and effort in class have been fantastic to see. Please continue to check the dates section of the newsletter for upcoming events and activities.

Our Learning

English:

The children have made a great start on their modelled write for an information text about Saturn. They have been focusing on using formal language and subject-specific technical vocabulary in their writing.

Maths:

The children have been working hard to add and subtract fractions with common denominators, showing growing confidence in applying their understanding.

Science:

The children have enjoyed exploring why the Moon appears to change shape throughout the lunar month. They learned that the Moon does not produce its own light, but reflects light from the Sun.

Geography:

The children have been learning about the physical features of the Mojave Desert and how these features influence the landscape.

Diary Dates

Friday 6th February – Number Day – Children can wear an outfit inspired by numbers.

Thursday 12th February – Valentines Disco – 4.30pm–5.45pm

Friday 13th February – Upper Junior Trip to Jodrell Bank (Reply slips to be sent in by next Friday).

Friday 13th February – School closes for half term.

Monday 21st February – School reopens.

Spanish Learning
