'I can turn my mistakes into lessons!'

The children have been working incredibly hard practising for our upcoming Christmas Performances next week. They are so excited to share all their hard work with you on:

- **Wednesday 10th December at 7:00pm**
- **Thursday 11th December at 9:30am**

Their enthusiasm and growing confidence during rehearsals has been brilliant to see, and we can't wait for you to enjoy the show.

We have also been getting creative as we designed and made our fantastic Christmas tree decorations, ready to sell at the Christmas Markets today. The children took great pride in their crafting, and the finished decorations look beautiful. We hope you love them as much as we enjoyed making them!

Our Learning

This week, the children have been completing a range of assessments to see how much progress they have made since September. We are so proud of the effort and resilience they have shown throughout.

In Maths, we have been practising different division strategies and building our confidence when working with larger numbers.

In Science, we have been exploring irreversible changes, investigating what happens during processes such as rusting and burning. The children particularly enjoyed observing how materials react and discussing why these changes cannot be undone.

In History, we learned about how Lord Lathom selflessly transformed Lathom Park into a remount depot during World War I, providing essential training for horses heading to the front line. The children found it fascinating to discover how people and places in our local area contributed to the war effort.

Diary Dates

Fri 5th December – Christmas Markets

Wed 10th December – Christmas Dinner

Wed 10th December – Year 5 & 6 Christmas Production – 7:00pm
