

Junior 1 & 2 Newsletter

Friday 8th May 2026

This Week

This week we have been celebrating David Attenborough's 100th birthday. We have enjoyed watching an episode from Planet Earth, learning all about different animals in the Madagascan forest and how important it is to care for our world. In our Maths lessons this week Year 3 have consolidated exchanging with column addition, while year 4 have been using column addition to add 3 and 4-digit numbers. We have continued our shared write in English, writing a persuasive letter to David Walliams. In science this week, we conducted an experiment to see if the hardness of a toothbrush affects how well it cleans our teeth. Check out our photos on seesaw!

Key Dates:

Friday 8th May—David Attenborough Day

Friday 22nd May—last day for Half term.

15th July—School Trip (letters will be going out over the next couple of weeks)
