

# Junior 1 & 2 Newsletter

Friday 10th October

## This Week

It's been another fantastic week of learning in the lower juniors! After working hard together on our shared write, the children have truly impressed us with their independent writing. Using ideas inspired by The Crow's Tale, they have created their own wonderful versions of the story, showing great imagination and creativity. In Maths this week we have started a new unit on Statistics. The children have learned how to collect data using tally charts and have begun transferring that information into bar charts. In RE, we spent time reflecting on what makes a good leader and discussed our own leadership qualities, the children shared thoughtful and mature ideas about how we can all show leadership in our everyday lives. This week in Science, we have continued to explore light and shadows. Through practical experiments, the children investigated how the distance of a light source can affect the size and shape of a shadow and they showed great curiosity.

## Key Dates:

Monday 13th October – Board games Club

- Dance in preparation for the dance show with Miss Griffin.

Friday 17th October— Book character dress up day!

Thursday 23rd October— Parents Evening.
