

Junior 1 & 2 Newsletter

Friday 12th December

This Week

This week in English, the children have been exploring fairy tales and identifying themes within these. In Maths, year 3 have been focusing on the 3 and 4 times tables, using arrays and the grid method to multiply numbers. In geography the children have been learning about earthquakes and ways in which buildings can be designed to prepare for these. In art, the children have begun to create their own landscape using the ideas of other artists. Our Christmas play is also beginning to take shape wonderfully, the children are enthusiastic about sharing it with you next week!

Extra tickets for the play are available on Monday for £1.

Key Dates:
