

# Junior 1 & 2 Newsletter

Friday 13th February 2026

## This Week

What a busy but fun last week we've had! The children have impressed us this week in our English lessons with their independent writing of a Twisted Tale. In Maths, we have focused on rounding numbers to the nearest hundred and thousands and identifying numbers on a number line. During our Science lesson, we explored the hardness of rocks and whether they were impermeable or permeable. The children had lots of fun creating and designing their own page for a popup book using linkages and lever mechanisms. In history this week, we have been learning all about what life was like in a cotton mill and creating timelines. Today was our final gymnastics lesson, children were assessed on their travelling, balancing and rolls—they were all fantastic!

## Key Dates:

Monday 23rd Feb—return to school.

Thursday 26th Feb—Junior 2 Library Visit.

Thursday 5th March—World Book Day and Art Gallery after school.

Tuesday 17th March—Junior 1 Library Visit
