

# Junior 1 & 2 Newsletter

Friday 15th May 2026

## This Week

What another great week we've had! In English we have continued to write our persuasive letter to David Walliams. In Maths this week Year 3 children have been learning how to present data in bar charts while Year 4 children have been checking answers using the inverse method. In Science, the children were exploring the teeth of different animals and identifying whether they are carnivores, herbivores or omnivores. This week in History, the children were looking at how bronze was made in Britain and exploring different artefacts found from the Bronze Age.

Well done to all the children who took part in the Park Run race on Tuesday!

## Key Dates:

Friday 22nd May—last day for Half term.

15th July—School Trip (letters will be going out over the next couple of weeks)

Monday 1st June—Back to school

Saturday 20th June—Summer Fayre

## Stars of the Week

### Junior 1

Pippa Robin, Theodore Link & Darbie

Kirby

### Junior 2

Tayley Lelyveld, Isaac Keeley & Elliot Rimmer

## Home Learning

DT competition—See separate information on seesaw.

## Spanish Phonic sound of the week

Sounds like "ny" sound in the English word "canyon" or the "ni" in "onion"

It requires pressing the tongue flat against the roof of the mouth

Growth Mindset Quote: I have the power to control my thoughts and emotions.
