This Week

What a fantastic first week back it has been. The children have settled quickly into our routines and have shown a great attitude towards their learning. In English, we have begun an exciting new unit on performance poetry. The children have explored poems through freeze frames, identified onomatopoeia and rhyming words, and have started practising their performance of The Sound Collector. In Maths, we have continued developing our multiplication skills using the grid method. In RE, we discussed inspirational people and the qualities that make them role models. This week in PE, the children enjoyed taking part in circuit activities and focused on health and fitness with our PE coach. We are very proud of how hard everyone has worked this week!
