

Junior 1 & 2 Newsletter

Friday 23rd January 2026

This Week

In Maths this week, we have continued to work on division. Year 3 children have been using bead strings to solve calculations involving those with remainders. Year 4 children have been using the chunking method to solve problems as well as learning to divide numbers by 10. We have continued to write the next part of our twisted Tale based on the story 'The True Story of the Three Little Pigs'. In D.T, we started to research about pop up books and took inspiration from the work of Keith Allen. In computing, the children have been using scratch to create an animation story.

Thank you for all those who have supported their child with this weeks homelearning. The volcano models have been amazing. The children have loved bringing them in, showing them off and some even had them erupting. We even had one that was completely edible!

Key Dates:

Friday 6th Feb—Number day

Tuesday 10th Feb—Internet safety Day

Thursday 12th Feb—Valentines Disco

Friday 13th Feb—End of half term usual finish time.

Home Learning

Geography— Create a poster on Climate Change.

Stars of the Week

Junior 1

Oakley Milward, Poppie Gascoine and
Fflion Jones

Junior 2

Molly Morris, Mary James & Joseph
McElhiney

Spanish days of the week

5 WAYS TO SAY GOODBYE

1. Hasta luego	See you later	as-ta loo-eh-go
2. Hasta mañana	See you tomorrow	as-ta ma-nya-na
3. Hasta la vista	See you later	as-ta la bee-sta
4. Nos vemos	See you later	nos be-mos
5. Chao/Chau	Bye	chao/cha-oo

Growth Mindset Quote: 'You have not failed unless you have stopped trying'
