

# Junior 1 & 2 Newsletter

Friday 24th April 2026

## This Week

We have had great weather and a great week in class. The children have enjoyed our active mornings on the yard to start the day and hopefully these will continue. In English we have started with a unit on persuasion—the children have been identifying persuasive techniques and then putting these into practice with some mini debates. In Maths, we have been developing our division skills so our year 3 children have been using vertical number lines and the 4s have been chunking. In history, the children were focusing on an unknown artefact from the Bronze Age and trying to discover what it could have been and used for. On Thursday, we started a unit on teeth and digestion so the children started by explaining the process of digestion through a messy experiment.

## Key Dates:

Thursday 30th April—Parental Times Table workshop (Year 4).

Monday 4th May—Bank Holiday

Friday 8th May—David Attenborough Day

Friday 22nd May—last day for Half term.
