

# Junior 1 & 2 Newsletter

Friday 6th February 2026

## This Week

What a fantastic week it has been! This week in our maths lessons we have been learning all about the properties of 3D shapes. In our English lessons, we have started to plan for our own twisted tale and the children had some amazing ideas for their twisted version of Goldilocks and the three Bears. We have started a new unit in Science all about Rocks! This week we looked through magnifying glasses to observe the appearance of different types of rock.

We have ended our week with lots of fun Number Day activities based around the lovely book 'How Many Jelly Beans?' Please check our seesaws for lots of pictures.

## Key Dates:

Tuesday 10th Feb—Internet safety Day
