## Friday 12<sup>th</sup> September

### I get better every time I try

The children have settled back into school and have been working very hard! In maths, the children have been learning about Place Value using the appropriate equipment. In English, we have started to read a variety of fables and have been discussing the moral. The children have also been retelling and acting out these as part of a group. The first topic in Science this term is Light. The children have explored sources of light and reflections using different materials. In history, we were introduced to a mystery artefact from WW11. Children came up with claims for this artefact and then later found out it was a badge belonging to a lady who was in the National Fire Service during the war.

#### **Key Dates:**

Monday 15th - Board games Club

- Dance in preparation for the dance show with Miss Griffin.
