### Home Learning:

Home learning has been sent home in children's wallets today.

This week in maths, we have been focusing on addition and subtraction. We use the 'part part whole' approach in school and have been practising the below facts:

Part + part = whole    whole – part = part

Use <https://www.topmarks.co.uk/number-facts/number-fact-families> and choose 'up to 20' to practise making + and – fact families.

### Next Week's Learning:

**Maths:** Year 1s will practise counting in 2s and 5s. Year 2s will revisit money and practise making amounts using different coins.

**English:** We will be gathering information from our autumn history topic on the space race in preparation for creating our own non-fiction reports.

**Science:** We will observe and measure growth in humans.

**Geography:** We will identify the four compass directions.

**Music:** We will be listening to story telling music and songs.
