## Autumn Term Online Safety Update

Welcome to our termly online safety newsletter, here you will find some extra hints and tips for keeping your child safe online.

We often hear about how much screen time children are having and how it can be hard sometimes to break them away. Click on the picture for a link for quick activities that they can do to give themselves a digital break .

Our new digital leaders are up and running. Look out for their blog and what activities they will be up to .

Smartie the penguin is here to help younger digital users. There are different stories available for different online safety problems. For our youngest digital users aged 2-5 there is a story called Hanni and the Magic Window which focus on how to get help if you need it. Connect with respect is a collection of stories aimed at our junior children with SEND. The stories talk lots of online problems and give solutions.

Connect with respect  
(SEND)

Please remember to download YouTube Kids rather than the normal YouTube for your child to use as it will cut out most unwanted content.

As always should you have any questions or concerns around online safety please speak to your child's class teacher. We are always happy to help.
